You will need to enter your date of birth and student ID number. Once you are enrolled in the plan, there are no refunds or cancelations after the deadline date of Annual 8/31/2024, Spring 1/31/2025 (for new incoming students), except for ineligibility or entry to the armed forces. The Policy is a Non-Renewable One-Year Term Policy and does not guarantee enrollment in the next policy year.

Students who fail to waive coverage before the deadline dates: Annual 8/31/2024, Spring 1/31/2025 (for new *incoming students)* you will be enrolled automatically and responsible to pay for this coverage that was purchased on your behalf. If you have any questions, please email LaSalle@rcmd.com.

Dependent Coverage Eligibility

Covered students may also enroll their lawful spouse, and dependent children up to the age of 26.

To complete a Dependent Enrollment, please go to **www.RCMDstudentbenefits.com**, select your school, select "Enroll/Waive" and follow instructions. You will need to enter the student's date of birth and student ID number. Dependent enrollment will not be accepted after the enrollment deadlines stated above, unless there is a significant life change that directly affects their insurance coverage. (An example of a significant life change would be loss of health coverage under another health plan.) If you need information or have general questions on dependent enrollment, call Member Services at 877-626-2308.

Important note regarding coverage for a newborn infant or newly adopted child:

Newborn child

Your newborn child is covered on your health plan for the first 31 days from the moment of birth.

- To keep your newborn covered, you must notify us (or our agent) of the birth and pay any required premium contribution during that 31-day period.
- You must still enroll the child within 31 days of birth even when coverage does not require payment of an additional premium contribution for the newborn.
- If you miss this deadline, your newborn will not have health benefits after the first 31 days.
- If your coverage ends during this 31-day period, then your newborn's coverage will end on the same date as your coverage. This applies even if the 31-day period has not ended.

Adopted child or a child legally placed with you for adoption

A child that you, or that you and your spouse adopts or is placed with you for adoption, is covered on your plan for the first 31 days after the adoption or the placement is complete.

- To keep your child covered, we must receive your completed enrollment information within 31 days after the adoption or placement for adoption.
- You must still enroll the child within 31 days of the adoption or placement for adoption even when coverage does not require payment of an additional premium contribution for the child.
- If you miss this deadline, your adopted child or child placed with you for adoption will not have health benefits after the first 31 days.
- If your coverage ends during this 31-day period, then coverage for your adopted child or child placed with you for adoption will end on the same date as your coverage. This applies even if the 31-day period has not ended.

Dependent coverage due to a court order

If you must provide coverage to a dependent because of a court order, your dependent is covered on your health plan for the first 31 days from the court order.

- To keep your dependent covered, we must receive your completed enrollment information within 31 days of the court order.
- You must still enroll the dependent within 31 days of the court order even when coverage does not require payment of an additional premium contribution for the dependent.
- If you miss this deadline, your dependent will not have health benefits after the first 31 days.
- If your coverage ends during this 31-day period, then your dependent's coverage will end on the same date as your coverage. This applies even if the 31-day period has not ended.

Medicare Eligibility Notice

You are not eligible to enroll in the student health plan if you have Medicare at the time of enrollment in this student plan. The plan does not provide coverage for people who have Medicare.

Termination and Refunds

Withdrawal from Classes – Leave of Absence

If you withdraw from classes under a school-approved leave of absence, your coverage will remain in force through the end of the period for which premium payment has been received. No premiums will be refunded.

Withdrawal from Classes - Other than Leave of Absence

- If you withdraw from classes within 31 days after the policy effective date, you will be considered ineligible for coverage. Your coverage will be terminated retroactively, and any premium paid will be refunded.
- If you withdraw from classes more than 31 days after the policy effective date, your coverage will remain in force through the end of the period for which premium payment has been received. No premium will be refunded.
- If you withdraw from classes to enter the armed forces of any country, your coverage will end as of the date of such entry. We will refund your premium, on a pro-rata basis, if you submit a written request within 90 days from the date you withdraw.

In-network Provider Network

Aetna Student Health offers Aetna's broad network of In-network Providers. You can save money by seeing Innetwork Providers because Aetna has negotiated special rates with them, and because the Plan's benefits are better.

If you need care that is covered under the Plan but not available from an In-network Provider, contact Member Services for assistance at the toll-free number on the back of your ID card. In this situation, Aetna may issue a preapproval for you to receive the care from an Out-of-network Provider. When a pre-approval is issued by Aetna, the benefit level is the same as for In-network Providers.

Access our provider directory to find in-network providers for your plan at https://www.aetnastudenthealth.com.

Precertification

You need pre-approval from us for some eligible health services. Pre-approval is also called precertification. Your innetwork physician is responsible for obtaining any necessary precertification before you get the care. When you go to an out-of-network provider, it is your responsibility to obtain precertification from us for any services and supplies on the precertification list. If you do not precertify when required, there is a **\$500** penalty for each type of eligible health service that was not precertified. For a current listing of the health services or prescription drugs that require precertification, contact Member Services or go to <u>https://www.aetnastudenthealth.com</u>.

Precertification Call

Precertification should be secured within the timeframes specified below. To obtain precertification, call Member Services at the toll-free number on your ID card. You, your physician, or the facility must call us within these timelines:

Non-emergency admissions:	Call at least 14 days before the date you are scheduled to be admitted.
Emergency admission	Call within 48 hours or as soon as reasonably possible after you have been
	admitted.
Urgent admission	Call before you are scheduled to be admitted.
Outpatient non-emergency	Call at least 14 days before the care is provided, or the treatment is scheduled
medical services	

An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or an injury.

We will provide a written notification to you and your physician of the precertification decision, where required by state law. If your precertified services are approved, the approval is valid for 60 days as long as you remain enrolled in the plan.

Coordination of Benefits (COB)

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB). A complete description of the Coordination of Benefits provision is contained in the certificate issued to you.

Description of Benefits

The Plan excludes coverage for certain services and has limitations on the amounts it will pay. While this Plan Summary document will tell you about some of the important features of the Plan, other features that may be important to you are defined in the Certificate. To look at the full Plan description, which is contained in the Certificate issued to you, go to <u>https://www.aetnastudenthealth.com</u>.

This Plan will pay benefits in accordance with any applicable **Pennsylvania** Insurance Law(s).

You may receive a bill for the difference between the amount billed by the provider and the amount paid by the plan. If the provider bills you for an amount above your cost share, you are not responsible for paying that amount. You should send the bill to the address listed on your ID card, and we will resolve any payment issue with the provider. Make sure the member ID is on the bill.
- A separate hospital emergency room copayment will apply for each visit to an emergency room. If you are admitted to a hospital as an inpatient right after a visit to an emergency room, your emergency room copayment will be waived and your inpatient copayment will apply.
- Covered benefits that are applied to the hospital emergency room copayment cannot be applied to any other copayment under the plan. Likewise, a copayment that applies to other covered benefits under the plan cannot be applied to the hospital emergency room copayment.
- Separate copayment amounts may apply for certain services given to you in the hospital emergency room that are not part of the hospital emergency room benefit. These copayment amounts may be different from the hospital emergency room copayment. They are based on the specific service given to you.
