Please NOTE: Transfer students following this option will spend a minimum of three years at La Salle in order to complete the degree requirements for the BSN. The Specialized Nursing program option, however, allows Manor students to take Nursing courses at La Salle during their second year at Manor, making it possible to complete the BSN in two years after graduating from Manor. Please reach out to the Manor contact listed on the reverse side for more details.

Manor-La Salle Dual Admission Students: Please refer to the Dual Admission application for eligibility requirements. Students interested in applying to La Salle through the Dual Admission program must sign the Dual Admission Application before completing 45 college-level credits. The Dual Admission Agreement includes a Core-to-Core component. Under the Dual Admission agreement, La Salle University's Core will essentially be fulfilled by the Core at Manor College. In order to meet the requirements of La Salle's Core, students must take one CORE "qualifier" at La Salle, REL 100: Religion Matters. This course must be taken at La Salle because there is no equivalent course offered at the Manor.

Non-Dual Admission students who transfer to La Salle University will be required to complete the entire La Salle Core, which includes courses in a number of disciplines. Coursework can be taken at La Salle or prior to transfer. Seek advisement for course options and visit the La Salle website, www.lasalle.edu, to view the current course catalog.
